TARGET OVARIAN CANCER

For every woman. For life.

Manchester
Community Choir

Peak and City Voices

Whaley Choir, from Whaley Bridge in the heart of the High Peak, and Manchester Community Choir, who perform regularly throughout Greater Manchester and beyond, come together in this concert to perform an inspiring mix of songs, both modern and traditional, from around the world.

Whaley Choir bring a welcoming, uplifting enthusiasm to their singing. This comes from being a very local community choir and from the character and cordiality of their director and members. Their uniqueness comes from the very special musicality and originality of Patrick Gundry-White's compositions and arrangements.

Manchester Community Choir also sings a capella, mostly songs about equality, peace and respect, from all over the world, both modern and traditional. Some of our songs have been arranged especially for us. We sing for pleasure, well-being and friendship and enjoy supporting good causes – like this one! Our talented musical director Liz Powers loves to

teach the audience one or two songs at our concerts – so come prepared for light hearted audience participation.

Both choirs welcome all comers and do not audition. The aim is to have fun and take pleasure in singing together.

Expect eclectic. Expect international. Expect joyful harmonies. Expect delicious discords. Expect poignant, thoughtful or playful lyrics. Expect songs from the heart.

The concert is in aid of Target Ovarian Cancer, the national ovarian cancer charity working to save lives and help women diagnosed live their lives to the full.
